WEEK FOUR

**1 CORINTHIANS 6:19-20; 16:13-14**

We honor God when we show respect to the bodies He made us.

**BASIC TRUTH: GOD MADE ME DO THIS:**

**MORNING TIME**

When you go into your child's room this month, say, "Good morning! I see someone God made. It's you! (Point to child.) God made you! And I am SO glad He did!"

**DRIVE TIME**

As you drive, play *What Do You Do?* Ask your child, "When your body gets dirty, what do you do?" (take a bath) "Before you go to bed, what do you do to your teeth?" (brush them) "When someone else is in the restroom, what do you do?" (leave them alone) Continue asking questions that help your child think about how to respect their own body and the bodies of others.

**CUDDLE TIME**

Cuddle up with your child this month and pray, "Dear God, thank you for making [child's name] smart, creative, and helpful like You. I love being his/her mommy/daddy. Help me to trust that You love my little guy/girl even more than I do because You made him/her, and because of that I can totally trust Your plans for him/her! We love You, God. In Jesus' name, amen."

**BATH TIME**

Bath time is a great time to teach your child the correct names for his/her body parts. Turn it into a game! Give your child his/her own sponge or wash cloth. Tell him/her to listen and wash only the body part you name. It won't take too many baths and your child will know the body God made from head to toe!
