The Three Foundational Elements of Fulfilment are:

1. Security
2. Significance
3. Acceptance

The Two Biggest Barriers to Fulfilment are:

1. Source issues
2. Seeker issues

Source issues:

Looking to anyone or anything other than Jesus to attempt to get our needs for Security, Significance or Acceptance met. (v.8)

Source issues:

The security, significance and acceptance provided by every other source prove to be too short and too shallow to give fulfilment

Only one source doesn't experience the
law of diminishing returns - Jesus

Seeker issues:

1. Not fully surrendering
2. Not fully trusting
3. Not fully abiding
